## SUMMARY

Web Developer having strong proficiency in Data- Structures, Algorithms with specialisation in JavaScript , React.js, HTML5, and Node.js,

## SKILLS

**Languages:** Java, JavaScript, TypeScript, HTML5, C++, SQL, CSS3

**FrameWorks:** React.JS, Node.js, Express.js, Redux, Bootstrap, TailWind, Bulma

**Databases:** MongoDB, Mongoose, MySQL, PostgreSQL

## PROJECTS

Node.js, JavaScript	<b>Amazon Price Tracker</b>	 Repository
Developed and executed a Node.js script using JavaScript, Puppeteer, and NodeMailer to create a command line tool for tracking favorite products on Amazon, streamlining the process and enhancing user experience.		
Node.js, JavaScript	<b>File System Organizer</b>	 Repository
Engineered a Node.js command line tool utilizing JavaScript, streamlining file organization by intelligently categorizing and sorting cluttered files into a neatly organized folder structure, saving users an average of 3 hours per week.		
HTML/CSS, JavaScript	<b>Edge Ledger Website</b>	 Live Demo
Designed and developed my personal portfolio website using HTML and CSS, with a focus on achieving complete responsiveness for an optimal user experience.		
React.js, CSS3	<b>React Portfolio Website</b>	 Live Demo
Crafted my personal portfolio website with React.js and CSS, ensuring full responsiveness for an optimal user experience.		
React.js, CSS, JSX	<b>Movies App</b>	 Live Demo
This project highlights a collection of movies obtained through the TMDb API and enables users to manage their favorite films. Developed with React.js, react-router-dom, and CSS, it delivers an engaging and seamless user experience.		
HTML/CSS, JavaScript	<b>Camera Gallery App</b>	 Live Demo
This project enables video recording through a webcam and facilitates image capture, leveraging HTML5, CSS3, and JavaScript for its implementation.		
HTML/CSS, JavaScript	<b>Open Board Clone</b>	 Live Demo
Crafted in JS, HTML, and CSS with Canvas and Socket.IO. Collaborate effortlessly in real-time, unleashing creativity on a shared canvas. Simple, seamless, and built for teamwork.		

## EDUCATION

2020 - 2024	<b>Bachelor's Of Technology (92.9)</b> Maharaja Surajmal Institute Of Technology	Guru Gobind Singh Indraprastha University
-------------	---	---

## EXPERIENCE

8/2022 - 10/2022	<b>Software Enginner Intern</b>	Tata Power DDL
<ul style="list-style-type: none"><li>The objective of this internship project was to learn about web development by creating a website for TPDDL. The website included a home page, login page, register page and an admin dashboard.</li><li>I actively participated in the entire software development life cycle, from requirement analysis and design to implementation and testing. This hand-on experience allowed me to deepen my understanding of web development principles and best practices.</li><li>Tech Stack - Asp.Net, JavaScript, HTML, CSS</li></ul>
